Pilot handling  
international  
social  
conditions

**Albert Geuchies**

Contractmanager  
Ministry of Education,  
Culture and Science

# Introduction

- Contractmanager category Datacenters for Dutch government
- Buying Datacenter hardware
- 2016 first tender awarding on social conditions
- 2017 Collaboration with Electronics Watch

# The pilot design

- Involved are:
  - DUO, Electronics Watch, HPe, Cisco and the category Datacenters, resellers
- Datacenter Hardware bought for DUO
- 2 years
- Investigating supply chain and possible issues
- Discuss outcome with involved parties

# Goal of the pilot

- Being in control by:
  - Knowing how the supply chain does look like
  - What are the issues with the hardware
  - Take action by composing mitigating measures
- Gain experience with Electronics Watch

# And further

- The risk of not knowing (political issues)
- Subject on strategic agenda with vendors
- Creating awareness on what the business is buying

# Thank you
